### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the limitations reciting a registration device having a driver as claimed rotating a backstop as claimed to sequentially engage a leading edge of a sheet material article as claimed in relation to a movable table as claimed in combination with other limitations set forth in claim 1 are not anticipated or made obvious by the prior art. For example, the proposed examiner's modification of Bryson's device in view of Belec discloses a book trimming machine having a rotatable backstop. However, the modified device of Bryson fails to disclose a registration device having the driver as claimed rotating the backstop as claimed to sequentially engage a leading edge of a sheet material article as claimed in relation to the movable table as claimed in combination with other limitations set forth in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen Choi whose telephone number is 571-272-4504. The examiner can normally be reached on Monday-Friday 9:00-3:30.
